> JavaScript ES5/6	> JQuery
> HTML	> JSON
> CSS	> JSX
> Node.js	> Heroku
> MongoDB	> REST APIs
> MySQL	> Sequelize
> React.js	> Git/Github
> Express.js	> Photoshop
> Handlebars.js	> Canva

/ SUMMARY

Full-stack web developer with a passion for community and lifelong learning. Skilled in HTML, CSS, JavaScript and Node.js, with some experience with Sass and SCSS. Certificate in full-stack web development received from the University of Pennsylvania. Passionate about working for a company where I can sharpen and grow my technical skills. Excited to one day be able to offer web development services to local businesses in my community to help them stay competitive in an increasingly digital world.

/ PROJECTS

>> Dungeon Master's Guide

https://dungeon-masters-guide.herokuapp.com/
> Dungeon Master's Guide was developed as an interactive tool for the Dungeon Master to stay organized during battle and running a campaign while playing Dungeons & Dragons.
> Lead front end developer responsible for implementing SCSS to design user interface of application
> Javascript, HTML, CSS, SCSS, React.js, React-bootstrap, JSX, third-party API

>> Paranormal Tourism Database

http://paranormal-tourism.herokuapp.com/
> This project was developed using the MVC approach as a resource for travelers to search for paranormal attractions by category, type, and location.
> Implemented user authentication, wrote API routes, wrote schema, models, and seeds for SQL database
> Javascript, Handlebars.js, HTML, CSS, Sequelize, Express.js

/ EXPERIENCE

>> Social Media Manager

Rusty Rail Brewing Company | 2019 - 2021
> Managed all aspects of brewery digital marketing & media and maintained website
